

Vampire Princess

Once upon a time lived a princess Violet. She was always on her best behavior. She was also unique; Violet had beautiful, violet eyes and long black hair. She was also the only daughter of king Victor and queen Moon. King and queen always had huge expectations for young princess. She had a teacher that taught her how to read and write, and many more things. But from time to time she was allowed to walk alone in her mother's garden. There she could relax. Garden was full of galaxy roses - roses that looked like a galaxy. One night she decided to go for a walk in the garden. She was sitting on a bench and reading a book about mystical creature when she saw something. It was a handsome guy. Violet rushed to see who he is. But she was in high heels so she tripped over a rock and almost fell but the handsome guy caught her. He was ice cold, with black hair, blood red eyes and was shining in themoonlight. His name was Alexander, but she called him Alex.

Alex was mysterious, but nice. They hung out more and more often but not just in the garden, but everywhere. That was the most fun Violet ever had. One night they were walking in the forest when suddenly a wolf jumped in front of them. He looked very scary. On Violet's suprise Alex killed the beast with his bare hands, and sucked the blood of a scary beast. Violet was surprised but not scared at all. She loved mystical creatures. She thanked him with a beautiful kiss. So they started dating, secretly. But her parents wanted her to get married and not to Alex, in fact they didn't know about him. She was to be married to a rich, ugly jerk. Violet refused, and for the first time in her life she stood up for herself.

One night she had dinner with her parents when suddenly her mother got a little dizzy and her skin was as white as snow. She fainted. All doctors from nearby were trying to figure out what was wrong with her, sand they came to a conclusion that the queen was sick, and after 26 hours she died. Entire kingdom was sad. King wasn't so sad. You can say he wasn't sad at all; he remarried after a week. Meanwhile, Violet

was shattered because of her mother's death and of her new stepmother. She was spoiled and arrogant. She also made Violet cut her hair because she was „too beautiful“. And on the top of everything she was accused of killing her own mother, and because of that she was to be hanged.

On her own birthday it was set to be her death day. When the day came, everything was quiet, sad, lonely but Violet was angry. When they hanged her she started choking, she was angry because her father smiled. She was a few minutes from death when her boyfriend came to save her. He killed all of the guards and scared off the people. He had no option but to make Victoria a vampire. So he did. She was reborn with long hair and her new powers. She was full of rage. She returned one day to finish off her father. When she found a note that her father wrote, she read it. It was appeal in which her mother said yes to a divorce and getting a part of the kingdom. But she also found a note with a plan to poison her mother. She was more angry than before. with her new power to suffocate by telekinesis Violet killed her father and stepmother. After that she lived happily with her boyfriend and later husband Alex.
